SECTION 119. A NEW SECTION OF KRS CHAPTER 138 IS CREATED TO READ AS FOLLOWS:

Any provider subject to the communications excise tax imposed by Section 97 of this Act that fails to file a return as required by Section 107 of this Act or fails to pay the tax as listed on the return shall not maintain an action, suit, or proceeding in any court or before any agency in this state or enforce in any way any obligation of any debt until the return is filed and the tax listed on the return is paid. This provision does not prohibit a provider from the rights afforded by KRS Chapter 131.

SECTION 120. A NEW SECTION OF KRS CHAPTER 138 IS CREATED TO READ AS FOLLOWS:

Penalties under Sections 96 to 128 of this Act shall be imposed and assessed in accordance with KRS 131.180.

SECTION 121. A NEW SECTION OF KRS CHAPTER 138 IS CREATED TO READ AS FOLLOWS:

(1) There is established in the State Treasury a communications excise tax fund. The fund shall be held and administered by the Finance and Administration Cabinet. The cabinet shall invest money in the fund in the same manner as money in the state general fund.

(2) There is established in the State Treasury a state baseline and local growth fund. The fund shall be held and administered by the Finance and Administration Cabinet. The cabinet shall invest money in the fund in the same manner as money in the state general fund.

(3) All revenue from the tax imposed under Section 97 of this Act, including all penalties and interest attributable to the nonpayment of the tax or for noncompliance with the provisions of Sections 96 to 128 of this Act, shall be deposited into the communications excise tax fund.

(4) All money in the communications excise tax fund designated for distribution to political subdivisions under Sections 121 to 125 of this Act shall be considered a part of the local tax effort and an inviolate trust on behalf of the political subdivisions and shall not be withheld or reduced by the General Assembly or any state agency for any reason, except for adjustments provided for within Sections 96 to 128 of this Act.

(5) All amounts distributed to political subdivisions from the communications excise tax shall be used solely and exclusively for the provision of services to the general public, including public protection, health services, education, libraries, transportation services, and economic development. No amount shall be used for purely local purposes affecting only the inhabitants of the particular political subdivision, such as the administration of local government. Neither the General Assembly nor any state agency shall mandate how the funds are to be used.

SECTION 122. A NEW SECTION OF KRS CHAPTER 138 IS CREATED TO READ AS FOLLOWS:

(1) Every political subdivision, school district, and special district identified in subsection (28) of Section 96 of this Act shall participate in the communications excise tax fund and the state baseline and local growth fund. On or before December 1, 2004, each political subdivision, school district, special district, and sheriff's department shall certify to the cabinet on a prescribed form the amount of collections it received from the taxes authorized under the intangible portion of Section 131 of this Act and local franchise fees collected from communications service providers or their customers during the period between July 1, 2003, and June 30, 2004. By certifying its participation under this subsection, each political subdivision, school district, special district, and sheriff's department:

(a) Consents to the hearing process provided in Section 126 of this Act; and

(b) Agrees to relinquish its right to enforce any contract or agreement that requires the payment of a franchise fee or tax on communications services, regardless of whether the tax or fee is imposed on the provider or its customers.

(2) The monthly portion of the communications excise tax fund shall be computed as follows:

(a) Each political subdivision, school district and special district shall be assigned a percentage based on the amount of its collections certified under subsection (1) of this section as a ratio of the total certified amount of collections of all parties participating in the fund. This percentage shall be known as the "local historical percentage". The portion of the sheriff departments' certified collections identified in subsection (1) of this section attributed to the intangible portion of Section 130 of this Act imposed by county governments shall be added to each county's reported collections to determine its local historical percentage;

(b) The sheriff departments' collections certified under subsection (1) of this section, less the amount added to the county governments' collections as required in subsection (2)(a) of this section, shall be the sheriff departments' fixed hold harmless amount;

(c) Three million, two hundred seventy-five thousand dollars ($3,275,000), which represents one-twelfth (1/12) of the total potential collections, shall be designated as the "monthly hold-harmless amount"; and

(d) Each political subdivision's school district's and special district's local historical percentage shall be multiplied by the monthly hold-harmless amount to determine its monthly distribution from the fund.

(3) If in the period between June 30, 2004, and December 31, 2004, any political subdivision had a substantial change in its base revenue by enacting or modifying the rate of a local franchise fee prior to June 30, 2004, the political subdivision may request the cabinet to determine its certified collection amount.

(4) If any political subdivision, school district, special district, or sheriff's department believes that the data used to determine its certified amount of collections is inaccurate, the political subdivision, school district, special district, or sheriff's department may request a redetermination by the Communications Excise Tax Distribution Fund Oversight Committee established by Section 126 of this Act. A redetermination shall be effective prospectively beginning with the next distribution cycle occurring ninety (90) days after the matter is finally settled.

SECTION 123. A NEW SECTION OF KRS CHAPTER 138 IS CREATED TO READ AS FOLLOWS:

Money in the communications excise tax fund shall be credited monthly as follows:

(1) One-third of one percent (1/3%) shall be deposited in a trust and agency account created by the State Treasury to be used by the cabinet for administration costs associated with the implementation, collection, and distribution of the tax imposed by Section 97 of this Act.

(2) After the expenditure required under subsection (1) of this section, the cabinet shall distribute an amount to each political subdivision, school district and special district as calculated under Section 122 of this Act. In addition, the cabinet shall distribute one-twelfth (1/12) of the sheriff department's fixed hold harmless amount as defined in subsection (2)(b) of Section 122 of this Act. For tax collections received in January and February of 2005, the cabinet shall make the distribution by April 25, 2005. For all other periods, the cabinet shall make distribution by the twenty-fifth day of the next calendar month following the tax receipts.

(3) After the distribution required by subsection (2) of this section, the cabinet shall deposit one million, five hundred seventy thousand dollars ($1,570,000) in the state general fund. This amount shall be adjusted on a prospective basis after the collection of the first twelve (12) months of communications excise tax receipts to equal the average monthly tax receipts attributable to the provision of satellite broadcast and wireless cable services. The amount shall then become the fixed amount distributed to the general fund.

(4) Money remaining in the communications excise tax fund after the distribution required by subsection (3) of this section shall be transferred to the state baseline and local growth fund established in Section 121 of this Act.

SECTION 124. A NEW SECTION OF KRS CHAPTER 138 IS CREATED TO READ AS FOLLOWS:

(1) By or before December 1, 2004, and every January 31 thereafter, each participating political subdivision shall certify to the cabinet its total tax receipts for the prior fiscal year. This amount shall be used to calculate the percentage of each political subdivision's portion of the account labeled under its county's name within the state baseline and local growth fund as described in subsection (3)(b) of this section. "Total tax receipts" shall not include revenue from nontax sources, such as intergovernmental revenues, charges for services, tuition, interfund transfers, interest and investment income, rental income, income from asset sales, beginning balances, or revenue from licenses and permits. "Total tax receipts" shall include the following:

(a) Real estate and tangible personal property taxes, including delinquent tax receipts;

(b) Franchise fees or taxes on utilities, other than communications service utilities;

(c) Occupational and business license fees or taxes, including insurance premium taxes, net profits taxes, payroll taxes, transient room taxes, restaurant taxes, and bank deposit taxes;

(d) Telephone emergency surcharge fees;

(e) Communications excise tax hold harmless and growth fund receipts; and

(f) Payments in lieu of taxes.

(2) By or before every January 31, each participating school district and special district shall certify to the cabinet the amount of its prior year tax assessments on companies principally engaged in the provision of communications

services under KRS Chapter 132. This amount shall be used to calculate the percentage of each school district's and special district's portion of the account labeled under its county's name within the state baseline and local growth fund as described in subsection (3)(b) of this section. For tax years with no assessments under KRS Chapter 132, the local historical percentage as defined in Section 122 of this Act shall be used.

(3) Each political subdivision's, school district's, and special district's monthly portion of the state baseline and local growth fund shall be computed as follows:

(a) A "local growth portion" shall be determined as an amount of money that when added to the hold-harmless amount identified in paragraph (c) of subsection (2) of Section 122 of this Act equals fifteen and six-tenths percent (15.6%) of the total amount deposited in the communications excise tax fund, minus the amount of distributions made under subsections (1) and (3) of Section 123 of this Act.

(b) The local growth portion shall be accounted for by county within the state baseline and local growth fund based on the ratio of the communications excise tax collected on communications services provided in each county to the total statewide collections of the communications excise tax. The county by-county allotment of the local growth portion shall be known as the "county growth portion."

(c) The county growth portion shall be further segregated into the political subdivision allotment, the school district allotment, and the special district allotment based upon the ratio of each allotment category's total historical collections as calculated under subsection (2) of Section 122 of this Act to the total overall county historical collections as calculated from the certified collections under subsection (1) of Section 122 of this Act.

(d) Beginning on or before April 25, 2005, each political subdivision's share of the political subdivision allotment shall be determined by multiplying the political subdivision allotment of the local growth portion as determined in paragraph (b) of this subsection by the percentage calculated in subsection (1) of this section.

(e) Beginning on or before April 25, 2005, each school district's share of the school district allotment shall be determined by multiplying the school district allotment as determined in paragraph (c) of this subsection by the percentage calculated in subsection (2) of this section.

(f) Beginning on or before April 25, 2005, each special district's share of the special district allotment shall be determined by multiplying the special district allotment as determined in paragraph (c) of this subsection by the percentage calculated in subsection (2) of this section.

(g) The respective allotment share for each participating political subdivision, school district, and special district shall be adjusted every July 1 following the year 2005, to account for any change in its percentages based on annual certifications required in subsections (1) and (2) of this section.

(h) Notwithstanding the annual certifications required in subsection (1) of this section, following the year 2005 political subdivisions may choose to determine their respective shares of the political subdivision allotment pursuant to an interlocal agreement as authorized under KRS 65.240. Activation or termination of an interlocal agreement must comply with the notification requirements of subsection (1) of this section and shall become effective the following July 1. The terms of a timely interlocal agreement governing the distribution of a political subdivision allotment shall remain in effect until its timely termination by one of the participating political subdivisions.

SECTION 125. A NEW SECTION OF KRS CHAPTER 138 IS CREATED TO READ AS FOLLOWS:

All money deposited in the state baseline and local growth distribution fund shall be distributed monthly, according to the same schedule for distribution from the communications excise tax fund, as follows:

(1) The county growth portion shall be distributed in accordance with the formulas established in Section 124 of this Act.

(2) After the distribution required under subsection (1) of this section, the remaining balance shall be deposited in the general fund. This amount shall be known as the "state baseline portion," which shall represent, if sufficient funds are available, eighty-four and four-tenths percent (84.4%) of the total amount deposited in the communications excise tax fund, minus the amount of distributions made under subsections (1) and (3) of Section 123 of this Act.

(3) Notwithstanding prior formulas for distribution, the state and political subdivisions, school districts, special districts, and sheriff departments shall share proportionately in any reduction in communications excise tax receipts due to federal legislation extending the Internet Tax Freedom Act.

(3) The cabinet shall provide the oversight committee with an annual report reflecting the amounts distributed to each participating political subdivision, school district, special district or sheriff department.

(4) Any political subdivision, school district, special district or sheriff department may file a complaint with the oversight committee on a form prescribed by the committee. The oversight committee shall give notice to any political subdivision, school district, special district or sheriff department that may be affected by the complaint. (6) The secretary of the cabinet shall review the findings of the oversight committee and issue a final ruling within sixty (60) days of receipt of the recommendations.

(7) The parties in the dispute shall have the rights and duties to appeal any final ruling to the Kentucky Board of Tax Appeals and the courts under KRS 131.340.

SECTION 127. A NEW SECTION OF KRS CHAPTER 138 IS CREATED TO READ AS FOLLOWS:

(1) Except as provided in subsection (3) of this section, to the extent legally permissible, every political subdivision of this state shall be prohibited from the following:

(a) Levying any franchise fee or tax on communications service, or collecting any franchise fee or tax from providers or purchasers of communications service;

(b) Requiring any provider, including but not limited to cable service providers, to enter into or extend the term of a franchise or other agreement that requires the payment of a franchise fee or tax; or

(h) Fees for the placement of antennas, towers, and other similar devices on publicly-owned property that are imposed by a political subdivision pursuant to a written agreement;

1. The property is delivered or shipped to a purchaser, other than the United States government, or to the designee of the purchaser within this state regardless of the f.o.b. point or other conditions of the sale; or

2. The property is shipped from an office, store, warehouse, factory, or other place of storage in this state and the purchaser is the United States government; and

(b) Receipts from sales other than sales of tangible personal property in this state if the income-producing activity is performed in this state, or is performed both in and outside this state and a greater proportion of the income-producing activity is performed in this state than in any other state, based on cost of performance or gross receipt allocation method as provided by statute and elected by the taxpayer.

(2) Any business whose interstate communications service, subject to the communications excise tax imposed under Section 97 of this Act and deducted for federal income tax purposes, exceeds five percent (5%) of the business's Kentucky gross receipts during the preceding calendar year is entitled to a refundable credit if:

(a) The business's annual Kentucky gross receipts are equal to or more than one million dollars ($1,000,000); and

(b) The majority of the interstate communications service billed to a Kentucky service address for the annual period is for communications service originating outside of this state and terminating in this state.

(3) The refundable credit shall be equal to the communications excise tax paid on the difference by which the interstate communications service purchased by the business exceeds five percent (5%) of the business's Kentucky gross receipts.

(4) Any business that qualifies for the refundable credit authorized by subsection (2) of this section shall make an annual application for the refund on or after June 1, 2006, and on or after every June 1 thereafter. The application shall be made to the cabinet on forms as the cabinet may prescribe and shall contain information regarding interstate communications service purchases and any other information deemed necessary for the cabinet to determine the business's eligibility to receive a refund.

(5) Notwithstanding the provisions of KRS 134.580 to the contrary, the cabinet, upon receipt of a properly documented refund application, shall cause a timely refund to be made directly to the eligible business. Interest shall not be allowed

Once the business receives permission to directly report and pay the tax, refunds issued according to the provisions of subsection (2) of this section shall not include any communications excise tax collected and paid by a communications service provider.

(7) Any refund application submitted under this section is subject to examination by the cabinet. The examination shall occur within four (4) years from the date the refund application is received by the cabinet. Any overpayment resulting from the examination shall be repaid to the State Treasury. The taxpayer shall pay all state, county, and district taxes due on the valuation that the taxpayer claims as the true value as stated in the protest filed under KRS 131.110. When the valuation is finally determined upon appeal, the taxpayer shall be billed for any additional tax and interest at the tax interest rate as defined in KRS 131.010(6), from the date the tax would have become due if no appeal had been taken. The provisions of KRS 134.390 shall apply to the tax bill.

(5) The certification of valuation shall be filed by each county clerk in the clerk's office and shall be certified by the county clerk to the proper collecting officer of the county, city, or taxing district for collection. Any district that has the value certified by the cabinet shall pay an annual fee to the cabinet that represents an allocation of the cabinet's operating and overhead expenses incurred in generating the valuations. L. COAL SEVERANCE TAX PROJECTS

(1) **Projects Authorization and Appropriation:** Notwithstanding KRS 42.4588(2) and (4), the following projects are authorized and appropriated from Local Government Economic Development Fund moneys from the respective single county fund pursuant to KRS 42.4592 for public purposes in the following coal-producing counties in the manner and amounts enumerated. These projects are determined by the General Assembly to be important to the furtherance of the public policy objectives and economic development purposes for which the Local Government Economic Development Program was established. The amounts appropriated are estimates. Actual expenditures and encumbrances shall be limited to the actual receipts realized and available in the respective single county fund. These amounts are comprised of estimated receipts for fiscal year 2004-2005 and fiscal year 2005-2006 in combination with prior unobligated balances in the respective single county funds. To the extent that a county that is authorized to proceed with a project enumerated below receives more single county Local Government Economic Development Fund moneys than are appropriated in this Act, the county may direct those funds to offset a cost overrun on any of the projects enumerated below upon approval of the Commissioner of the Coal County Development Office.

(2) **Water and Sewer Projects:** The following projects that are related to water and sewer shall be administered by the Kentucky Infrastructure Authority.

PART III

GENERAL PROVISIONS

1. **Funds Designations and Sources:** Restricted Funds designated in the biennial budget bills are classified in the state financial records and reports as the Agency Revenue Fund, State Enterprise Funds (State Parks, State Fair Board, Insurance Administration, and Kentucky Horse Park), Internal Services Funds (Fleet Management, Computer Services, Correctional Industries, Central Printing, Risk Management, and Property Management), and selected Fiduciary Funds (Other Expendable Trust Funds). Separate funds records and reports shall be maintained in a manner consistent with the branch budget bills.

The sources of Restricted Funds appropriations in this Act shall include all fees (which includes fees for room and board, athletics, and student activities) and rentals, admittances, sales, bond proceeds, licenses collected by law, gifts, subventions, contributions, income from investments, and other miscellaneous receipts produced or received by a budget unit, except as otherwise specifically provided, for the purposes, use, and benefit of the budget unit as authorized by law. Restricted Funds receipts shall be credited and allotted to the respective fund or account out of which a specified appropriation is made in this Act. All receipts of Restricted Funds shall be deposited in the State Treasury and credited to the proper account as provided in KRS Chapters 12, 42, 45, and 48.

The sources of Federal Funds appropriations in this Act shall include federal subventions, grants, contracts, or other Federal Funds received, income from investments, and other miscellaneous federal receipts received by a budget unit, the Unemployment Compensation Fund, except as otherwise provided, for the purposes, use, and benefit of the budget unit as authorized by law. Federal Funds receipts shall be credited and allotted to the respective fund account out of which a specified appropriation is made in this Act. All Federal Funds receipts shall be deposited in the State Treasury and credited to the proper account as provided in KRS Chapters 12, 42, 45, and 48.

2. **Expenditure of Excess Restricted Funds or Federal Funds Receipts:** If receipts received or credited to the Restricted Funds accounts or Federal Funds accounts of a budget unit during fiscal year 2004-2005 or fiscal year 2005-2006, and any balance forwarded to the credit of these same accounts from the previous fiscal year, exceed the appropriation made by specific sum for these accounts of the budget unit as provided in Part I, Operating Budget, of this Act, for the fiscal year in which the excess occurs, the excess funds in the accounts of the budget unit shall become available for expenditure for the purpose of the account during the fiscal year only upon compliance with the conditions and procedures specified in KRS 48.400, 48.500, 48.600, 48.605, 48.610, 48.620, 48.630, 48.700, 48.705, 48.710, 48.720, 48.730, 48.800, and 48.810 and this Act, and with the authorization of the State Budget Director and approval of the Secretary of the Finance and Administration Cabinet.

Prior to authorizing the appropriation of any excess, unbudgeted Restricted Funds pursuant to this section, the State Budget Director and the Secretary of the Finance and Administration Cabinet shall review the adequacy of the General Fund Surplus Account with respect to its availability to support Necessary Government Expenses. In the event that General Fund Surplus Account moneys are determined by this review to be adequate to meet known or anticipated Necessary Government Expenses during fiscal year 2004-2005 or fiscal year 2005-2006, respectively, then the appropriation increase may be approved. In the event that the review indicates that there are insufficient funds available or reasonably estimated to become available to the General Fund Surplus Account to meet known or projected Necessary Government Expenses for the fiscal years enumerated above, the State Budget Director, with the concurrence of the Secretary of the Finance and Administration Cabinet, may disapprove the request for additional Restricted Funds expenditure authority and may direct the excess Restricted Funds identified to the General Fund Surplus Account in order to meet Necessary Government Expense obligations. The results of any review shall be reported to the Interim Joint Committee on Appropriations and Revenue in accordance with KRS 48.400, 48.500, 48.600, 48.605, 48.610, 48.620, 48.630, 48.700, 48.705, 48.710, 48.720, 48.730, 48.800, and 48.810.

Any request made by a budget unit pursuant to KRS 48.630 that relates to Restricted Funds or Federal Funds shall include documentation showing a comparative statement of revised estimated receipts by fund source and the proposed expenditures by proposed use, with the appropriated sums specified in the Budget of the Commonwealth, and statements which explain the cause, source, and use for any variances which may exist.

Each budget unit shall submit its reports in print and electronic format consistent with the Restricted Funds and Federal Funds records contained in the fiscal biennium 2004-2006 Branch Budget Request Manual and according to the following schedule in each fiscal year: (1) On or before the beginning of each fiscal year; (2) On or before October 1; (3) On or before January 1; and (4) On or before April 1.

3. **Appropriations Expenditure Purpose and Transfer Restrictions:** Funds appropriated in this Act shall not be expended for any purpose not specifically authorized by the General Assembly in this Act nor shall funds appropriated in this Act be transferred to or between any cabinet, department, board, commission, institution, agency, or budget unit of state government unless specifically authorized by the General Assembly in this Act and the provisions of KRS 48.400, 48.500, 48.600, 48.605, 48.610, 48.620, 48.630, 48.700, 48.705, 48.710, 48.720, 48.730, 48.800, and 48.810. Compliance with the provisions of this section shall be reviewed and determined by the Interim Joint Committee on Appropriations and Revenue.

4. **Permitted Appropriation Obligations:** No state agency, cabinet, department, office, or program shall incur any obligation against the General Fund or Road Fund appropriations contained in this Act unless the obligation may be reasonably determined to have been contemplated in the enacted budget and is based upon supporting documentation considered by the General Assembly, legislative and executive records, and the statutory budget memorandum.

5. **Lapse of General Fund or Road Fund Appropriations Supplanted by Federal Funds:** Any General Fund or Road Fund appropriation made in anticipation of a lack, loss, or reduction of Federal Funds shall lapse to the General Fund or Road Fund Surplus Account, respectively, to the extent the Federal Funds otherwise become available.

6. **Federally Funded Agencies:** A state agency entitled to Federal Funds which would represent 100 percent of the cost of a program shall conform to KRS 48.730.

7. **Lapse of Excess General Fund or Road Fund Debt Service Appropriations:** Pursuant to KRS 48.720, any excess General Fund or Road Fund debt service shall lapse to the respective surplus account unless otherwise directed in this Act.

8. **Interim Appropriation Increases:** No appropriation from any fund source shall exceed the sum specified in this Act until the agency has documented the necessity, purpose, use, and source, and the documentation has been submitted to the Interim Joint Committee on Appropriations and Revenue for its review and action in accordance with KRS 48.630. Proposed revisions to an appropriation contained in the enacted State/Executive Budget or allotment of an unbudgeted appropriation shall conform to the conditions and procedures of KRS 48.630 and this Act.

Notwithstanding KRS 48.630(3), (4), and (5), any proposed and recommended actions to increase appropriations for funds specified in Section 2 of this Part shall be scheduled consistent with the timetable contained in that section in order to provide continuous and timely budget information.

9. **Revision of Appropriation Allotments:** Allotments within appropriated sums for the activities and purposes contained in the enacted State/Executive Budget shall conform to KRS 48.610 and may be revised pursuant to KRS 48.605 and this Act.

10. **Continuing Appropriations:** All statutory continuing appropriations in existence at the time this Act takes effect are discontinued and suspended by this Act, except as provided by Chapters 42, 96A, 164, 183, 278, and 441 of the Kentucky Revised Statutes. All statutes and portions of statutes in conflict with any of the provisions of this section, to the extent of the conflict, are suspended unless otherwise provided by this Act.

11. **Construction of Budget Provisions on Prior Fiscal Year Appropriations and Statutory Budget Administration Powers and Duties:** Except as otherwise explicitly authorized by this Act, nothing in this Act shall be construed to repeal any appropriation made heretofore or hereafter for the fiscal year ending June 30, 2004, and nothing in this Act is to be construed as amending or altering the provisions of Chapters 42, 45, and 48 of the Kentucky Revised Statutes pertaining to the duties and powers of the Secretary of the Finance and Administration Cabinet except as otherwise provided in this Act.

12. **Interpretation of Appropriations:** All questions that arise in interpreting any appropriation in this Act as to the purpose or manner for which the appropriation may be expended shall be decided by the Secretary of the Finance and Administration Cabinet pursuant to KRS 48.500, and the decision of the Secretary of the Finance and Administration Cabinet shall be final and conclusive.

13. **Enacted Budget of the Commonwealth:** The State Budget Director shall cause the Governor's Office for Policy and Management, within 60 days of adjournment of the 2004 Regular Session of the General Assembly, to publish a final enacted budget document, styled the Budget of the Commonwealth, based upon the recommended Legislative Budget, State/Executive Budget and Judicial Budget as enacted by the 2004 Regular Session of the General Assembly as well as other Acts which contain appropriation provisions for fiscal year 2003-2004 and the 2004-2006 fiscal biennium, and based upon supporting documentation and legislative records as considered by the 2004 Regular Session of the General Assembly, and the statutory budget memorandum. This document shall include, for each agency and budget unit, a consolidated budget summary statement of available regular and continuing appropriated revenue by fund source, corresponding appropriation allocations by program or subprogram as appropriate, budget expenditures by principal budget class and for the State/Executive Budget, and any other fiscal data and commentary considered necessary for budget execution by the Governor's Office for Policy and Management and oversight by the Interim Joint Committee on Appropriations and Revenue. The enacted State/Executive Budget shall be revised or adjusted only upon approval by the Governor's Office for Policy and Management as provided in each Part of this Act and by KRS 48.400, 48.500, 48.600, 48.605, 48.610, 48.620, 48.630, 48.700, 48.705, 48.710, 48.720, 48.730, 48.800, and 48.810, and upon review and action by the Interim Joint Committee on Appropriations and Revenue.

14. **State Financial Condition:** Pursuant to KRS 48.400, the State Budget Director shall monitor and report on the

financial condition of the Commonwealth.

15. **Prorating Administrative Costs:** The Secretary of the Finance and Administration Cabinet is authorized to establish a system or formula or a combination of both for prorating the administrative costs of the Finance and Administration Cabinet, the Department of Treasury, and the Office of the Attorney General relative to the administration of programs in which there is joint participation by the state and federal governments for the purpose of receiving the maximum amount of participation permitted under the appropriate federal laws and regulations governing the programs. The receipts and allotments under this section shall be reported to the Interim Joint Committee on Appropriations and Revenue prior to any transfer of funds.

16. **Construction of Budget Provisions Regarding Executive Reorganization Orders:** Nothing in this Act shall be construed to confirm or ratify, under KRS 12.027 or 12.028, any executive reorganization order unless the executive order was confirmed or ratified by appropriate amendment to the Kentucky Revised Statutes in an Act of the 2003 Regular Session of the General Assembly or another Act of the 2004 Regular Session of the General Assembly. If any executive reorganization order issued from sine die adjournment of the 2003 Regular Session to sine die adjournment of the 2004 Regular Session was not confirmed by the 2004 Regular Session of the General Assembly, the Secretary of the Finance and Administration Cabinet shall, in consultation with agency heads and with notification to the Legislative Research Commission, transfer the balance of funds for any affected program or function for fiscal year 2003-2004 and any related appropriations and funds for each of the next two fiscal years from the budget unit in which the program or function was placed by the executive reorganization order to the budget unit in which the program or function resided prior to the reorganization action or in which it was placed by action of the 2004 Regular Session of the General Assembly.

17. **Employer Retirement Contribution Rate:** Notwithstanding KRS 61.565, the employer contribution rate for any entity participating in the Kentucky Employees Retirement System shall be as follows: from July 1, 2004, through June 30, 2005, the contribution rates shall be no more than 5.89 percent for nonhazardous duty employees, 18.84 percent for hazardous duty employees, and 21.58 percent for employees of the State Police Retirement System. From July 1, 2005, through June 30, 2006, the employer contribution rate shall be no more than 5.89 percent for nonhazardous duty employees, 18.84 percent for hazardous duty employees, and 21.58 percent for employees of the State Police Retirement System.

18. **Budget Planning Report:** By August 15, 2005, the State Budget Director, in conjunction with the Consensus Forecasting Group, shall provide to each branch of government, pursuant to KRS 48.117, a budget planning report.

19. **Tax Expenditure Revenue Loss Estimates:** By October 15, 2005, the Office of State Budget Director shall provide to each branch of government detailed estimates for the General Fund and Road Fund for the current and next two fiscal years of the revenue loss effected by tax expenditures. The Department of Revenue shall provide assistance and furnish data which is not restricted by KRS 131.190. "Tax expenditure" means an exemption, exclusion, or deduction from the base of a tax, a credit against the tax, a deferral of a tax, or a preferential tax rate. The estimates shall include for each tax expenditure the amount of revenue loss, a citation of the legal authority for the tax expenditure, the year in which it was enacted, and the tax year in which it became effective.

21. **Priority of Individual Appropriations:** KRS 48.313 shall control when a total or subtotal figure in this Act conflicts with the sum of the appropriations of which it consists.

22. **Severability of Budget Provisions:** Appropriation items and sums in Parts I to X of this Act shall conform to KRS 48.311. If any section, any subsection, or any provision is found by a court of competent jurisdiction in a final, unappealable order to be invalid or unconstitutional, the decision of the courts shall not affect or impair any of the remaining sections, subsections, or provisions.

23. **Unclaimed Lottery Prize Money:** For fiscal year 2004-2005 and fiscal year 2005-2006, all unclaimed lottery prize money under KRS 154A.110(3) shall be credited to the Student Financial Aid and Advancement Trust Fund to be held as a subsidiary account for the purpose of funding the Kentucky Excellence in Education Scholarship (KEES) Program as appropriated in this Act. Upon the effective date of this Act, the balance of funds in the KEES Program Reserve Account as established by 2003 Ky. Acts ch. 156, Part III, section 24., shall be transferred to the KEES Reserve subsidiary account of the Student Financial Aid and Advancement Trust Fund. If the Kentucky Higher Education Assistance Authority certifies to the State Budget Director that the appropriations in this Act for the KEES Program under the existing award schedule are insufficient to meet funds required for eligible applicants, then the State Budget Director shall provide the necessary allotment of funds in the balance of the Subsidiary Account to fund the KEES Program. Actions taken under this section shall be reported to the Interim Joint Committee on Appropriations and Revenue on a timely basis.

24. **Technology Trust Fund:** The Technology Trust Fund is the Technology Trust Fund established by 1996 Ky. Acts ch. 380, Part X, to empower Kentucky state government through technology and redesigned business systems, and additional amounts made available and appropriated to it by the 1998 Regular Session in House Bill 321 (1998 Ky. Acts ch. 615, Part X).

Appropriations allotted from the Technology Trust Fund for each project, initiative, or system, as well as all other associated resources made available from regular appropriations for the same purpose from a budget unit shall be transferred and credited to, and accounted for and expended from, a discrete account established for the individual project, initiative, or system item. In addition to the General Fund appropriations for the Technology Trust Fund, Restricted Funds, Federal Funds, the Road

Fund, private funds, and any matching fund appropriations required are appropriated in support of the projects and priorities previously identified by the Empower Kentucky Steering Committee. However, notwithstanding KRS 45.760(14), 45.770, 45.780, and 45.800, no funds from the Emergency Repair, Maintenance, and Replacement Account shall be used for Technology Trust Fund projects, systems, or initiatives.

25. **General Fund and Road Fund Budget Reduction Plans and Orders:** The General Assembly acknowledges that during fiscal year 2003-2004 the General Fund revenues were less than the enacted estimates pursuant to KRS 48.120(3) and that the 2002 General Assembly had enacted the legislative branch budget bill in 2002 Ky. Acts ch. 172 and the 2003 General Assembly had enacted the executive and judicial branch budget bills in 2003 Ky. Acts chs. 156 and 14 as contained in the Appendices to KRS Chapter 47 based upon the anticipated revenue estimates.

The 2003 General Assembly enacted the 2002-2004 biennium General Fund Budget Reduction Plan for fiscal year 2003-2004 in 2003 Ky. Acts ch. 156 Part VI, for state government pursuant to KRS 48.130(1) and (3). These statutes and Acts provide direction and authority by which the heads of the executive, judicial, and legislative branches shall revise and reduce appropriations and allotments and other deficit alleviation actions for their respective branch budget units under KRS 48.130(4).

Notwithstanding KRS 48.130 and 48.600, and except as otherwise modified by this Act, the General Assembly confirms, adopts, and enacts the revised General Fund appropriation levels for the budget units of the Executive Branch identified in General Fund Budget Reduction Order 04-01 and confirms and enacts the advances, transfers, and lapses to the General Fund of non-General Fund moneys identified in General Fund Budget Reduction Order 04-01.

The 2003 General Assembly enacted the 2002-2004 biennium Road Fund Budget Reduction Plan for fiscal year 2003-2004 in 2003 Ky. Acts ch. 156, Part VII, for state government pursuant to KRS 48.130(1) and (3). These statutes and Acts provide direction and authority by which the head of the Executive Branch shall revise and reduce appropriations and allotments and other deficit alleviation actions for the Executive Branch budget units under KRS 48.130(4).

Notwithstanding KRS 48.130 and 48.600, and except as otherwise modified by this Act, the General Assembly confirms, adopts, and enacts the revised Road Fund appropriation levels for the budget units of the Executive Branch identified in Road Fund Budget Reduction Order 04-01 and confirms and enacts the advances, transfers, and lapses to the Road Fund of non-Road Fund moneys identified in Road Fund Budget Reduction Order 04-01.

26. **State Purchases of Motor Vehicle Liability Insurance:** Notwithstanding any provision of the Kentucky Revised Statutes, to the extent that any governmental agency purchases motor vehicle liability insurance, sovereign immunity shall be waived to the extent of the insurance coverage.

27. **Use Tax on Sales of Printing or Direct Mail Advertising Materials:** Notwithstanding KRS 139.340, a commercial printer or mailer engaged in business in this state shall not be required to collect use tax on sales of printing or direct mail advertising materials that are both printed out of state and delivered out of state to the United States Postal Service for mass mailing to third-party Kentucky residents who are not purchasers of the advertising materials if the commercial printers or mailers:

a. Maintain records relating to these sales to assist in the collection of the use tax owed; and

b. File reports as provided in KRS 139.730 if requested by the Revenue Cabinet.

If the commercial printer or mailer complies with these reporting provisions, the purchaser of the printing or direct mail advertising materials described in this section shall have sole responsibility for payment of the use tax imposed in KRS 139.310.

28. **Cigarette Tax Evidence Compensation:** Notwithstanding KRS 138.146(4), after June 30, 2003, the compensation allowed shall be equal to $0.15 face value for each $3 of cigarette tax evidence purchased at face value.

29. **Sales and Use Tax Collection and Remittance Compensation:** Notwithstanding KRS 139.570, after June 30, 2003, the total reimbursement allowed shall not exceed $1,500. Notwithstanding KRS 139.250 or 139.700, after the effective date of this Act, separate permit numbers for a taxpayer with different business locations shall not be issued.

30. **Abandoned Property Receipts/General Fund:** Notwithstanding KRS 393.015, all abandoned property receipts collected, net of claims paid, in fiscal years 2004-2005 and 2005-2006 shall be available for appropriation in the General Fund.

31. **Reallocation of Appropriations Among Budget Units:** The Executive Branch shall operate within the appropriations authorized in this Act for each budget unit as prescribed by KRS 48.400 to 48.730, subject to the conditions and procedures stated in this section or other Parts of this Act.

The Secretary of a Cabinet, the Commissioner of the Department of Education, and other agency heads may request, prior to December 1, 2004, a revision or reallocation among budget units under their administrative authority of up to ten percent of General Fund or Restricted Funds appropriations contained in Part I, Operating Budget, of this Act for fiscal year 2004-2005 and fiscal year 2005-2006. No request shall relate to moneys in a fiduciary fund account unless the account is affected by a reorganization order promulgated under KRS 12.027. Any request which shall be submitted to and, if authorized by the State Budget Director, shall be implemented and executed prior to December 15, 2004. A request shall explain the need and use for the transfer authority under this section.

The amount of transfer of General Fund and Restricted Funds appropriations shall be made by Executive Order of the Governor and shall be separately recorded and reported in the system of financial accounts and reports provided in KRS Chapter 45.

No transfer shall result in any reduction to an item of appropriation contained in Part I, Operating Budget, of this Act. The

State Budget Director shall report a revision or transfer made under this section, in writing, to the Interim Joint Committee on Appropriations and Revenue at least 30 days prior to the proposed transfer. The Committee shall review the transfer in the same manner and procedure as provided for an interim unbudgeted appropriation action under KRS 48.630.

PART VI

GENERAL FUND BUDGET REDUCTION PLAN

Pursuant to KRS 48.130 and 48.600, a General Fund Budget Reduction Plan is enacted for state government in the event of an actual or projected deficit in estimated General Fund revenue receipts of $7,171,300,000 in fiscal year 2004-2005 and $7,475,900,000 in fiscal year 2005-2006 as modified by related Acts and actions of the General Assembly in an extraordinary or regular session. Direct services, obligations essential to the minimum level of constitutional functions, and other items that may be specified in this Act, are exempt from the requirements of this Plan. Each branch head shall prepare a specific plan to address a proportionate share of the General Fund revenue shortfall applicable to the respective branch. No budget revision action shall be taken by a branch head in excess of the actual or projected deficit.

The Governor, the Chief Justice, and the Legislative Research Commission shall direct and implement reductions in allotments and appropriations only for their respective branch budget units as may be necessary as well as take other measures which shall be consistent with the provisions of this Part and general branch budget bills.

In the event of a revenue shortfall under the provisions of KRS 48.120, General Fund budget reduction actions shall be implemented in the following sequence:

(1) The Local Government Economic Assistance and the Local Government Economic Development Funds shall be adjusted by the Secretary of the Finance and Administration Cabinet to equal revised estimates of receipts pursuant to KRS 42.4582 as modified by the provisions of this Act.

(2) Transfers of excess unappropriated and unbudgeted Restricted Funds other than fiduciary funds shall be applied as determined by the head of each branch for its respective budget units.

(3) Excess General Fund appropriations which accrue as a result of personnel vacancies and turnover, and reduced requirements for operating expenses, grants, and capital outlay shall be determined and applied by the heads of the executive, judicial, and legislative departments of state government for their respective branches. The branch heads shall certify the available amounts which shall be applied to budget units within the respective branches and shall promptly transmit the certification to the Secretary of the Finance and Administration Cabinet and the Legislative Research Commission. The Secretary of the Finance and Administration Cabinet shall execute the certified actions as transmitted by the branch heads.

Branch heads shall take care, by their respective actions, to protect, preserve, and advance the fundamental health, safety, legal and social welfare, and educational well-being of the citizens of the Commonwealth.

(4) Funds available in the Budget Reserve Trust Fund shall be applied in an amount not to exceed 25 percent of the trust fund balance in fiscal year 2004-2005 and 50 percent of the trust fund balance in fiscal year 2005-2006.

(5) Notwithstanding the provisions of KRS 48.130 and 48.600, if the actions contained in subsections (1) to (4) of this section are insufficient to eliminate an actual or projected revenue shortfall in the enacted General Fund revenue receipts, then the Governor is empowered and directed to take necessary actions with respect to the Executive Branch budget units to balance the budget by such actions conforming with the criteria expressed in the preceding subsection. Other items that may be specified in this Act are exempt from actions that may be taken by the Governor pursuant to the provisions of this Act.

PART VII

GENERAL FUND SURPLUS EXPENDITURE PLAN

1. Pursuant to KRS 48.700 and notwithstanding KRS 48.140, there is established a plan for the expenditure of General Fund surplus moneys pursuant to a General Fund Surplus Expenditure Plan contained in this Part for fiscal years 2004-2005 and 2005-2006. Pursuant to the enactment of the Surplus Expenditure Plan, General Fund moneys in the General Fund undesignated fund balance in excess of the amount determined in Part III, section (36), are appropriated for the purposes and in the priority sequence as follows: (1) Teacher salary funding support to public school districts in an amount sufficient to provide for the recurring impact in fiscal year 2005-2006 of the one and one-half percent pay increase provided by school districts in fiscal year 2004-2005 to the extent that amount is not already provided in this bill. The appropriate amount shall be calculated by the State Budget Director in consultation with the Commissioner of the Department of Education and the Secretary of the Education Cabinet. In the event that insufficient General Fund Surplus moneys are realized after the close of fiscal year 2003-2004 and fiscal year 2004-2005, the amount calculated as necessary by the State Budget Director shall be reserved and appropriated from the Budget Reserve Trust Fund for expenditure in fiscal year 2005-2006; and (2) Increased support to the Budget Reserve Trust Fund

up to the amount necessary to provide a balance equaling five percent of actual General Fund revenues for fiscal year 2003-2004 and fiscal year 2004-2005, respectively.

2. The Secretary of the Finance and Administration Cabinet shall determine, within 30 days after the close of the fiscal year 2003-2004, and the close of fiscal year 2004-2005, based on the official financial records of the Commonwealth, the amount of actual General Fund undesignated fund balance for the General Fund Surplus Account that may be available for expenditure pursuant to the Plan respectively in fiscal year 2004-2005 and fiscal year 2005-2006.

The Secretary of the Finance and Administration Cabinet shall certify the amount of actual General Fund undesignated fund balance available for expenditure to the Legislative Research Commission.

Subsequent to June 30, 2004, and June 30, 2005, funds that are certified as being available in the actual General Fund undesignated fund balance for the General Fund Surplus Account are appropriated respectively for expenditure in fiscal year 2004-2005 and fiscal year 2005-2006 pursuant to the Plan.

PART VIII

ROAD FUND BUDGET REDUCTION PLAN

There is established a Road Fund Budget Reduction Plan for fiscal year 2004-2005 and fiscal year 2005-2006. Notwithstanding KRS 48.130, in the event of an actual or projected shortfall in estimated Road Fund revenue receipts of $1,141,409,100 in fiscal year 2004-2005 and $1,162,506,700 in fiscal year 2005-2006 as determined by KRS 48.120(3), the Governor shall implement sufficient reductions as may be required to protect the highest possible level of service. No budget revision action shall be taken in excess of the actual or projected deficit.

PART IX

ROAD FUND SURPLUS EXPENDITURE PLAN

Notwithstanding KRS 48.140 and pursuant to KRS 48.710, there is established a plan of expenditures from the Road Fund Surplus Account. All moneys in the Road Fund Surplus Account shall be deposited in the State Construction Account and utilized to support projects in the fiscal biennium 2004-2006 Biennial Highway Construction Program.

PART X

PHASE I TOBACCO SETTLEMENT

(1) **General Purpose:** Part X of this Act prescribes the policy implementing aspects of the national settlement agreement between the tobacco industry and the collective states as described in KRS 248.701 to 248.727. In furtherance of that agreement, the General Assembly recognizes that the Commonwealth of Kentucky is a party to the Phase I Master Settlement Agreement (MSA) between the Participating Tobacco Manufacturers and 46 Settling States which provides reimbursement to states for smoking-related expenditures made over time.

(2) **State's MSA Share:** The Commonwealth's share of the MSA is equal to 1.7611586 percent of the total settlement amount. Payments under the MSA were made to the states in January and April of each year through 2003 and will be made annually in January thereafter.

(3) **MSA Payment Amount Variables:** The total settlement amount to be distributed each payment date is subject to change pursuant to several variables provided in the MSA, including inflation adjustments, volume adjustments, previously settled states adjustments, and the nonparticipating manufacturers adjustment.

(4) **Distinct Identity and Carry Forward of MSA Payment Deposits:** The General Assembly has determined that it shall be the policy of the Commonwealth that all Phase I Tobacco Settlement payments shall be deposited to the credit of the General Fund and shall maintain a distinct identity as Phase I Tobacco Settlement payments that shall not lapse to the credit of the General Fund surplus, but shall continue forward from each fiscal year to the next fiscal year to the extent that any balance is unexpended. Phase I Tobacco Settlement payment receipts in excess of the appropriated amounts contained in this Part shall not be utilized as part of any General Fund Budget Reduction Plan, and shall be exempt from all requirements of a Plan implemented under Part VI of this Act.

(5) **MSA Payment Estimates and Adjustments:** Based on the current estimates as reviewed by the Consensus Revenue Forecasting Group, the amount of MSA payments expected to be received in fiscal year 2004-2005 is $108,800,000 and in fiscal year 2005-2006 is $108,600,000. It is recognized that payments to be received by the Commonwealth are estimated and are subject to change. Any appropriations made from the estimated receipts are subject to adjustments based on actual receipts as received and certified by the Secretary of the Finance and Administration Cabinet. Certified payment receipts in a fiscal year that are in excess of appropriations contained in this Part for that fiscal year are appropriated to the Tobacco Settlement Agreement Fund in the General Fund for distribution in accordance with KRS 248.654, and shall be available for and subject to future appropriations by the General Assembly. The Secretary of the Finance and Administration Cabinet shall report to the Legislative Research Commission the amount of certified payment receipts for each fiscal year, noting the amount for each fiscal year, if any, of payment receipts in excess of appropriated amounts contained in this Part which have been deposited in the Tobacco Settlement Agreement Fund and distributed in accordance with KRS 248.654 pursuant to this section.

PART XII

TAXATION MEASURES

Notwithstanding KRS 48.310, the following statutes shall be amended as follows and shall have permanent effect, subject to future actions by the General Assembly:

Section 1. KRS 134.460 is amended to read as follows:

(1) Certificates of delinquency shall bear interest from the date of issuance until collected at the rate of twelve percent (12%) per annum simple interest. A fraction of a month is counted as an entire month. ***The total amount of the certificate of delinquency, the clerk's add-on fee provided in KRS 134.480, and the county attorney's add-on fee provided in Section 2 of this Part shall be included in the base for the interest calculation.***

(2) Certificates of delinquency shall be prima facie evidence that:

(a) The property represented by the certificate was subject to taxes levied thereon, and was assessed as required by law.

(b) The tax bill was valid and correct in all respects.

(c) The taxes were not paid at any time before the issuance of the certificate.

Section 2. KRS 134.500 is amended to read as follows:

(1) ***A certificate of delinquency***[~~Uncollectible tax claims~~] shall bear interest at twelve percent (12%) per annum simple interest from the date the certificate of delinquency is issued. A fraction of a month is counted as an entire month. The ***total amount of the certificate of delinquency***[~~sheriff's add-on fee provided in KRS 134.430~~], the clerk's add-on fee provided in KRS 134.480, and the county attorney's add-on fee provided in this section shall be ***included in the base for***[~~excluded from~~] the interest calculation[~~ except in counties containing cities of the first class or consolidated local government~~]. All tax bills on omitted property that were not turned over to the sheriff in time to be collected or to make the sale provided for in KRS 134.430 and 134.440 shall also be submitted to the fiscal court but shall be carried over as a charge against the sheriff at the time he makes his next regular settlement.

(2) The cabinet shall be responsible for the collection of certificates of delinquency and delinquent personal property tax bills; however, the cabinet shall first offer the collection duties to the county attorney, unless the cabinet determines that the county attorney has previously failed to perform collection duties in a reasonable and acceptable manner. Any county attorney desiring to perform the duties associated with the collection of delinquent tax claims shall enter into a contract with the cabinet on an annual basis. The terms of the contract shall specify the duties to be undertaken by the county attorney. These duties shall include but are not limited to the following actions:

(a) Within fifty (50) days after the issuance of a certificate of delinquency to the state, county, and taxing district, the county attorney or the Revenue Cabinet shall cause a notice of the purchase to be mailed by regular mail to the property owner at the address on the records of the property valuation administrator. The notice shall advise the owner that the certificate is a lien of record against all property of the owner, and bears interest at the rate of twelve percent (12%) per annum, and if not paid will be subject to collection by the county attorney as provided by law.

(b) The county attorney shall file in the office of the county clerk a list of the names and addresses to which the notice was mailed along with a certificate that the notice was mailed in accordance with the requirements of this section.

(c) All notices returned as undeliverable shall be submitted to the property valuation administrator. The property valuation administrator shall attempt to correct inadequate or erroneous addresses and, if property has been transferred, shall determine the new owner and the current mailing address. The property valuation administrator shall return the notices with the corrected information to the county attorney prior to the expiration of the one (1) year tolling period provided in KRS 134.470.

(d) Within ninety (90) days after the expiration of the one (1) year tolling period provided in KRS 134.470, the county attorney shall cause a notice of his intention to enforce the lien to be mailed to all owners whose tax bills remain delinquent. No second notice shall be required for addresses previously determined to be undeliverable and for which the property valuation administrator has not provided corrected information.

(e) Failure to mail the notices shall not affect the validity of the claim of the state, county, and taxing district. The postal cost of mailing the notices shall be added to the certificate of delinquency and, upon collection, the county attorney shall be reimbursed for the postage. The county attorney shall deliver at the same time a list of the owners whose tax bills remain delinquent to the property valuation administrator. The property valuation administrator shall review this list in accordance with the provisions of KRS 132.220 to establish that the properties on the list can be identified and physically located.

(3) The county attorney who enters into a contract with the cabinet shall have a period of two (2) years after the expiration of the one (1) year tolling period provided in KRS 134.470 to collect delinquent tax bills or to initiate court action for their collection. At the expiration of the two (2) years the cabinet may assume responsibility for all uncollected bills except those with pending court action.

(4) The county attorney who enters into a contract with the cabinet and performs his duties in respect to the certificate of delinquency and delinquent personal property tax bills shall be entitled to twenty percent (20%) of the amount due each taxing unit, whether the tax claim is voluntarily paid or is paid through sale or under court order, and the fee shall be paid to him by the county clerk when making distribution, as provided in KRS 134.480. This fee shall be added to the amount of the tax claims and paid by the persons paying the tax claims. They shall not be paid by the taxing districts or deducted from the taxes due the taxing districts. This fee shall be waived if the certificate of delinquency is paid by the taxpayer only within five (5) days of the sheriff's sale. If more than one (1) county attorney renders necessary services in an effort to

collect a tax claim, the attorney serving the last notice or rendering the last substantial service preceding collection shall be entitled to the fee. When the county attorney's office, in an effort to collect a certificate of delinquency, or delinquent personal property tax bills files a court action which is litigated by the taxpayer, an additional county's attorney fee equal to thirteen percent (13%) of the total tax plus ten percent (10%) penalty, may be added to the certificate or the bill and shall become part of the tax claim.

(5) If a county attorney chooses not to contract for these collection duties or if a county attorney fails to perform the duties required by the contract, the cabinet shall assume responsibility for the collection process. In the performance of those duties, the cabinet shall have all the powers, rights, duties, and authority with respect to the collection, refund, and administration of the amount due on the certificate of delinquency conferred generally upon the cabinet by Kentucky Revised Statutes including, but not limited to, KRS Chapters 131, 134, and 135. The twenty percent (20%) fee that would have otherwise been paid to the county attorney shall be paid to the cabinet for deposit in the delinquent tax fund provided for under KRS 134.400.

(6) Any action on behalf of the state, county, and taxing districts authorized by this section or by KRS 134.470, 134.490, or 134.540 shall be filed on relation of the secretary, and the petition may be sent to the cabinet, which may require revision in instances where it deems revision or amendment necessary. The cabinet shall advise the county attorney in all actions, and may send him special assistance when the secretary deems assistance necessary. A copy of the judgment shall also be sent to the cabinet. If the cabinet sends assistance to a county attorney who contracts to prosecute the suits or proceedings, the county attorney shall be entitled to his full fee. On the same day that suit is filed, the county clerk shall be given notice of its filing. Costs incident to the suit shall become a part of the tax claim.

(7) The cabinet may make its delinquent tax collection databases and other technical resources, including but not limited to income tax refund offsetting, available to the county attorney upon request from the county attorney. The county attorney seeking assistance shall enter into any agreements required by the cabinet to protect taxpayer confidentiality, to ensure database integrity, or to address other concerns of the cabinet.

(8) The county attorney may, at any time after assuming collection duties, enter into an agreement with the delinquent taxpayer to accept installment payments on the delinquent tax bill. The agreement shall not waive the county attorney's right to initiate court action or other authorized collection activities if the taxpayer does not make payments in accordance with the agreement.

PART XIV

Notwithstanding KRS 48.310, the following statutes are created or amended to read as follows and shall have permanent effect, subject to future action by the General Assembly:

SECTION 1. A NEW SECTION OF KRS CHAPTER 48 IS CREATED TO READ AS FOLLOWS:

(1) The amount of debt service on bonds issued to finance construction of new facilities or to renovate existing facilities used for auxiliary enterprises or for hospitals associated with postsecondary institutions and all revenues generated by such facilities, and including debt service for bonds previously issued for such facilities, shall not be included in any determination of the Commonwealth's debt capacity.

(2) For the purposes of this section, "auxiliary enterprises" means an entity of a postsecondary institution that exists to furnish goods or services to students, faculty, or staff and may incidentally serve the general public as well and that charges a fee directly related to, although not necessarily equal to, the cost of the goods or services. The term includes but shall not be limited to housing, food services, bookstores, recreation or fitness centers, parking facilities, and intercollegiate athletics, but does not include facilities designated as educational and general.

Section 2. KRS 48.180 is amended to read as follows:

In addition to the information required by KRS 48.110, the Governor shall submit the following information as a separate part of the branch budget request for the executive branch of government:

(1) Summary statements of the financial condition of the state, which shall include such detailed schedules of revenues and summary of expenditures by fund as specified by law in addition to those the Governor deems desirable; and summary statements of the estimated fund balances for the current fiscal year and each of the next two (2) fiscal years; and statement of the surplus account for the general fund and the road fund, for the budget reserve trust fund account, and for each special fund. Each surplus account shall show the excess of all current revenues over all current expenditures as of the beginning of each of the two (2) fiscal years last concluded, and all changes in each surplus account during each of such two (2) fiscal years.

(2) A statement as of the close of the last completed fiscal year and as of the close of the current fiscal year, showing ***separately*** for the Commonwealth ***and for postsecondary institutions as issuers of auxiliary enterprises agency revenue bonds or hospital agency revenue bonds*** the total funded debt, the value of sinking fund assets, the net funded debt, the floating liabilities as of the close of the last completed fiscal year and the estimated floating liabilities as of the end of the current fiscal year, and the total debt as of the close of the last completed fiscal year and as of the close of the current fiscal year.

(3) A summary statement for each major fund of the cash resources estimated to be available at the beginning of each of the next two (2) fiscal years, and the estimated cash receipts of the fiscal year.

(4) Such other information as is deemed desirable or is required by law or regulation.

SECTION 3. A NEW SECTION OF KRS 164A.550 TO 164A.630 IS CREATED TO READ AS FOLLOWS:

(1) The governing board of any postsecondary institution may issue auxiliary enterprises agency revenue bonds or hospital agency revenue bonds in order to construct, improve, or equip an authorized facility. These bonds shall not be issued to finance educational and general facilities; however, up to ten percent (10%) of the facility financed by the bonds may be used for educational and general uses. Any sale of bonds issued under this section shall be competitively bid pursuant to KRS 424.360.

(2) A capital project to be financed with auxiliary enterprises agency revenue bonds or hospital agency revenue bonds shall be of the type where the auxiliary enterprise system or hospital system will produce revenues, after payment of costs related to operating and maintaining the system, sufficient to meet all debt service required of the system, issuance costs, reserve fund requirements, insurance premium, and any other expenditures necessary for financing. The governing board that issues an auxiliary enterprises agency revenue bond or a hospital agency revenue bond under this section shall not request an appropriation from the state general fund to pay debt service or other financing costs of the bonds. The governing board shall certify in writing prior to issuance of these agency revenue bonds that the system will produce sufficient revenues to pay for all such expenses, and submit a copy of the certification to the Council on Postsecondary Education, the Finance and Administration Cabinet, and the Capital Projects and Bond Oversight Committee.

(3) All bonds issued under this section shall be obligations only of the governing board of the institution, payable as to both principal and interest from the auxiliary enterprise revenues or hospital system revenues pledged for that purpose. In no event shall the bonds be considered a debt for which the credit of the Commonwealth is pledged. Any resolution adopted under the provisions of this section shall constitute a contract between the governing board of the institution and the holder of any bond and shall be binding in all respects upon the governing board and its successors.

(4) All capital projects to be financed under this section shall be authorized by the General Assembly by title and project scope as an auxiliary enterprises agency revenue bond project or a hospital agency revenue bond project. Notwithstanding KRS 56.495, the governing board may authorize expenditures totaling less than four hundred thousand ($400,000) for necessary financial analysis and project development prior to General Assembly authorization

and choose, independent of the Office of Financial Management, an underwriter, financial advisor, or bond counsel notwithstanding KRS 45A.850; however, all funds advanced for this purpose shall be repaid from the proceeds of the bonds upon issuance.

(5) The governing board shall specify by resolution the project authorized to be financed by the auxiliary enterprises agency revenue bonds or hospital agency revenue bonds. The resolution shall fix the initial minimum rents, tolls, fees, and other charges to be imposed in connection with the services furnished by the related system; and, in those cases where the facility includes limited components relating to educational and general uses as provided in subsection (1) of this section, the resolution may also provide that the governing board pay from the institution's operating budget the reasonable cost and value of any service rendered for those educational and general uses.

(6) The charges for the services from the facility, together with the available revenues of any other facility or facilities of the type that generate revenues and subject to the provisions of this section that are pledged to the payment of the bonds, shall be sufficient at all times to provide for the payment of the interest and to fund a sinking fund to accomplish retirement of the bonds at or before maturity, and to pay the current costs of operating and maintaining the facility to the extent these expenses are not otherwise provided. The charges shall be revised from time to time as to produce sufficient revenues prescribed by this section.

(7) The resolution shall fix the extent of the pledge of revenues generated by any other postsecondary facility or facilities described above, and may specify the terms and conditions upon which additional bonds may be thereafter issued and sold ranking on a parity with and payable from the same sources as the bonds authorized by such resolution, and such additional parity bonds may thereafter be so issued and sold to pay all or any part of the cost of the additional facility or facilities.

(8) Upon authorization of an auxiliary enterprises agency revenue bond project or a hospital agency revenue bond project, the governing board of the institution may issue revenue bond anticipation notes or advance moneys from other legally available funds of the institution in order to pay for the costs of land acquisition, site development, studies, professional services, and other costs incidental to the letting of construction bids. Any moneys advanced by the governing board shall be reimbursed from the proceeds of these bonds.

(9) If the governing board is unable to pay the required principal and interest payments due on bonds issued under this section from system revenues or from other available agency revenues and the governing board fails to transmit to the paying agent bank or trustee the debt service and administrative payments when due as required by the bond issuance resolution, the paying agent bank or trustee shall notify the secretary of the Finance and Administration Cabinet in writing and request that the cabinet withhold or intercept from the governing board a sufficient portion of any appropriated state funds not yet disbursed to the institution to satisfy the required payment on the bonds. If the secretary determines that the institution is in risk of defaulting on the payment of the bonds or has defaulted, the secretary shall notify the governing board and within five (5) days remit payment to the paying agent bank or trustee such funds as are required from the appropriation to the institution. Thereafter, the governing board shall, to the extent it is otherwise legally permitted, take action within sixty (60) days to adopt a resolution to generate additional revenues, such as increasing the minimum rents, tolls, fees, and other charges, in order to positively adjust remittances to the funds accounts. Nothing in this section shall be construed to create any obligation on the part of the Commonwealth to make any payment on behalf of the defaulting institution other than from funds previously appropriated to the governing board of that institution.

Section 4. KRS 56.450 is amended to read as follows:

(1) There is recognized, as an independent agency of the state within the meaning of KRS Chapter 12, and as a constituted authority of the Commonwealth of Kentucky, a state and a sovereign entity within the meaning of regulations of the United States Department of the Treasury, Internal Revenue Service, a State Property and Buildings Commission composed of the Governor, who shall be chairman thereof, the Lieutenant Governor who shall be vice chairman of the commission, the Attorney General, the secretary of the Cabinet for Economic Development, the secretary of the Finance and Administration Cabinet, and the secretary of the Revenue Cabinet, or their alternates as authorized in subsection (5) of this section.

(2) No member of the commission shall receive any salary, fee, or other remuneration for his services as a member of the commission, but each member shall be entitled to be reimbursed for his ordinary traveling expenses, including meals and lodging, incurred in the performance of his duties.

(3) The commission shall constitute a public body corporate with perpetual succession and power in its name to contract and be contracted with, sue and be sued, adopt bylaws, have and use a corporate seal, and exercise all of the powers granted to private corporations generally in KRS Chapter 271B, except as that chapter may be inconsistent with KRS 56.440 to 56.550.

(4) Subject to the provisions of KRS 56.550, but notwithstanding any other provision of the Kentucky Revised Statutes to the contrary, all revenue bonds issued by state agencies, except as provided in this chapter (but not including bonds issued directly by and in the name of the Commonwealth of Kentucky under authorization of the executive cabinet), shall be issued under the provisions of this chapter. As an additional and alternative method for the issuance of revenue bonds under the provisions of this chapter, upon application of any state agency and approval by the commission, the commission acting for and on behalf of said state agency may issue revenue bonds in its own name, in accordance with the terms and provisions of KRS Chapter 58, secured by and payable solely from all or any part of the revenues of the state agency as

may be specified and provided in the approved application. Any covenants and undertakings of the state agency in the approved application with regard to the production of revenues and the use, application, or disposition thereof may be enforced by the holders of any of the revenue bonds or by any trustee for such bondholders. The issuance of any revenue bonds for the state or any of its agencies by or on behalf of the Kentucky Economic Development Finance Authority and the issuance of any revenue bonds for economic development projects authorized by Acts 1980, Ch. 109, shall require the prior approval of the State Property and Buildings Commission. In issuing bonds under its own name, or in approving issuance of bonds by other state agencies, the commission shall be deemed to be acting for the state government of the Commonwealth of Kentucky as one (1) unit within the meaning of the regulations of the United States Department of the Treasury, Internal Revenue Service, and it shall be limited to the issuance of bonds to accomplish the public purposes of that unit.

(5) (a) Each member of the commission may designate, by an instrument in writing over his signature and filed with the secretary as a public record of the commission, an alternate with full authority to attend in the absence of the appointing member for any reason, any properly convened meeting of the commission and to participate in the consideration of, and voting upon, business and transactions of the commission. Any designation of an alternate may, in the discretion of the appointing member, be limited upon the face of the appointing instrument, to be effective only for a designated meeting or only for specified business; or the same may be shown on the face of the appointing instrument to be on a continuing basis (but in no case for a period of more than four (4) years), whenever the appointing member is unable to attend, but always subject to revocation by the appointing member in an instrument of like formality, similarly filed with the secretary as a public record of the commission. Any party transacting business with the commission, or materially affected thereby, shall be entitled to accept and rely upon a joint certificate of the secretary of the commission and any member of the commission concerning the designation of any alternate, the time of designation, the scope thereof, and if of a continuing nature, whether the same has been revoked, and when; and the joint certificate shall be made and delivered to any such party within a reasonable time after written request is made therefor with acceptable identification of the business or transaction referred, and of the requesting party's interest therein. Each alternate shall be a person on the staff of the appointing member, or in the employ of his agency or department of the government of the Commonwealth, as the case may be.

(b) Any four (4) members of the commission, or their alternates authorized under paragraph (a) of this subsection, shall constitute a quorum and shall by majority vote be authorized to transact any and all business of the commission.

(c) The State Property and Buildings Commission is reconstituted as of October 1, 1976, with the powers herein provided.

(6) Any bonds authorized by the General Assembly for projects at postsecondary institutions or any refundings of such bonds that require a specific appropriation from the state general fund for associated debt service shall be issued by the commission unless the secretary of the Finance and Administration Cabinet approves the bonds to be issued by the institution. This approval shall be transmitted by the secretary, with findings of fact, to the Capital Projects and Bond Oversight Committee.

Notwithstanding KRS 48.310, the following statute is amended to read as follows and shall have permanent effect, subject to future action by the General Assembly:

Section 1. KRS 403.213 is amended to read as follows:

(1) The Kentucky child support guidelines may be used by the parent, custodian, or agency substantially contributing to the support of the child as the basis for periodic updates of child support obligations and for modification of child support orders for health care. The provisions of any decree respecting child support may be modified only as to installments accruing subsequent to the filing of the motion for modification and only upon a showing of a material change in circumstances that is substantial and continuing.

(2) Application of the Kentucky child support guidelines to the circumstances of the parties at the time of the filing of a motion or petition for modification of the child support order which results in equal to or greater than a fifteen percent (15%) change in the amount of support due per month shall be rebuttably presumed to be a material change in circumstances. Application which results in less than a fifteen percent (15%) change in the amount of support due per month shall be rebuttably presumed not to be a material change in circumstances. For the one (1) year period immediately following enactment of this statute, the presumption of material change shall be a twenty-five percent (25%) change in the amount of child support due rather than the fifteen percent (15%) stated above.

(3) Unless otherwise agreed in writing or expressly provided in the decree, provisions for the support of a child shall be terminated by emancipation of the child unless the child is a high school student when he reaches the age of eighteen (18). In cases where the child becomes emancipated because of age, but not due to marriage, while still a high school student, the court-ordered support shall continue while the child is a high school student, but not beyond completion of the school year during which the child reaches the age of nineteen (19) years. *The court may order the continuation of child support beyond the age of emancipation for a child whom the court determines to be mentally ill within the meaning of KRS Chapter 202A or KRS Chapter 645, mentally retarded within the meaning of KRS Chapter 202B, or disabled within the meaning of KRS Chapter 387.* Provisions for the support of the child shall not be terminated by the death of a parent obligated to support the child. If a parent obligated to pay support dies, the amount of support may be modified, revoked, or commuted to a lump-sum payment, to the extent just and appropriate in the circumstances. Emancipation of the child shall not terminate the obligation of child support arrearages that accrued while the child was an unemancipated minor.

(4) The child support guidelines table shall be reviewed at least once every four (4) years by a commission consisting of the following persons:

- (a) The secretary of the Cabinet for Families and Children or a supervisory staff person designated by him;

Receipts shall include the following:

(a) Receipts from the lease or rental of real property owned by the financial institution;

(b) Receipts from the lease or rental of tangible personal property owned by the financial institution;

(c) Interest and fees or penalties in the nature of interest from loans secured by real property;

(e) Net gains from the sale of loans. Net gains from the sale of loans includes income recorded under the coupon stripping rules of Section 1286 of the Internal Revenue Code;

(f) Interest and fees or penalties in the nature of interest from credit card receivables and receipts from fees charged to card holders, such as annual fees;

(g) Net gains, but not less than zero (0), from the sale of credit card receivables;

(h) All credit card issuer's reimbursement fees;

(i) Receipts from merchant discount. Receipts from merchant discount shall be computed net of any cardholder charge backs, but shall not be reduced by any interchange transaction fees or by any issuer's reimbursement fees paid to another for charges made by its card holders;

(j) Loan servicing fees derived from loans secured by real property;

(k) Loan servicing fees derived from loans not secured by real property;

(l) Interest, dividends, net gains, but not less than zero (0), and other income from investment assets and activities and from trading assets and activities. Investment assets and activities and trading assets and activities include but are not limited to investment securities, trading account assets, federal funds, securities purchased and sold under agreements to resell or repurchase, options, futures contracts, forward contracts, notional principal contracts such as swaps, equities, and foreign currency transactions. The receipts factor shall include the following amounts:

1. The amount by which interest from federal funds sold and securities purchased under resale agreements exceeds interest expense on federal funds purchased and securities sold under repurchase agreements; and

2. The amount by which interest, dividends, gains, and other income from trading assets and activities, including but not limited to assets and activities in the matched book, in the arbitrage book, and foreign currency transactions, exceed amounts paid in lieu of interest, amounts paid in lieu of dividends, and losses from these assets and activities;

(m) All receipts derived from sales that would be included in the factor established by ***paragraph (c) of subsection (8) of Section 8 of this Act***[~~KRS 136.070(3)(d)1., 2., and 3.~~]; and

(n) Receipts from services not otherwise specifically listed.

(2) A determination of whether receipts should be included in the numerator of the fraction shall be made as follows:

(a) Receipts from the lease or rental of real property owned by the financial institution shall be included in the numerator if the property is located within this Commonwealth or receipts from the sublease of real property if the property is located within this Commonwealth.

(b) 1. Except as described in subparagraph 2. of this paragraph, receipts from the lease or rental of tangible personal property owned by the financial institution shall be included in the numerator if the property is located within this Commonwealth when it is first placed in service by the lessee.

2. Receipts from the lease or rental of transportation property owned by the financial institution are included in the numerator of the receipts factor to the extent that the property is used in this Commonwealth. The extent an aircraft will be deemed to be used in this Commonwealth and the amount of receipts that is to be included in the numerator of this Commonwealth's receipts factor is determined by multiplying all the receipts from the lease or rental of the aircraft by a fraction, the numerator of which is the number of landings of the aircraft in this Commonwealth and the denominator of which is the total number of landings of the aircraft. If the extent of the use of any transportation property within this Commonwealth cannot be determined, then the property shall be deemed to be used wholly in the state in which the property has its principal base of operations. A motor vehicle shall be deemed to be used wholly in the state in which it is registered.

(c) 1. Interest and fees or penalties in the nature of interest from loans secured by real property shall be included in the numerator if the property is located within this Commonwealth. If the property is located both within this Commonwealth and one (1) or more other states, receipts shall be included if more than fifty percent (50%) of the fair market value of the real property is located within this Commonwealth. If more than fifty percent (50%) of the fair market value of the real property is not located within any one (1) state, then the receipts described in this subparagraph shall be included in the numerator if the borrower is located in this Commonwealth.

2. The determination of whether the real property securing a loan is located within this Commonwealth shall be made as of the time the original agreement was made, and any subsequent substitutions of collateral shall be disregarded.

(d) Interest and fees or penalties in the nature of interest from loans not secured by real property shall be included in the numerator if the borrower is located in this Commonwealth.

(e) Net gains from the sale of loans shall be included in the numerator as provided in subparagraphs 1. and 2. of this paragraph. Net gains from the sale of loans includes income recorded under the coupon stripping rules of Section 1286 of the Internal Revenue Code.

1. The amount of net gains, but not less than zero (0), from the sale of loans secured by real property included in the numerator is determined by multiplying net gains by a fraction the numerator of which is the amount included in the numerator of the receipts factor pursuant to paragraph (c) of this subsection and the denominator of which is the total amount of interest and fees or penalties in the nature of interest from loans secured by real property.

2. The amount of net gains, but not less than zero (0), from the sale of loans not secured by real property included in the numerator is determined by multiplying net gains by a fraction the numerator of which is the amount included in the numerator of the receipts factor pursuant to paragraph (d) of this subsection and the denominator of which is the total amount of interest and fees or penalties in the nature of interest from loans not secured by real property.

(f) Interest and fees or penalties in the nature of interest from credit card receivables and receipts from fees charged to card holders, such as annual fees, shall be included in the numerator if the billing address of the card holder is in this Commonwealth.

(g) Net gains, but not less than zero (0), from the sale of credit card receivables to be included in the numerator shall be determined by multiplying the amount established in paragraph (g) of subsection (1) of this section by a fraction the numerator of which is the amount included in the numerator of the receipts factor pursuant to paragraph (f) of this subsection and the denominator of which is the financial institution's total amount of interest and fees or penalties in the nature of interest from credit card receivables and fees charged to card holders.

(h) Credit card issuer's reimbursement fees to be included in the numerator shall be determined by multiplying the amount established in paragraph (h) of subsection (1) of this section by a fraction the numerator of which is the amount included in the numerator of the receipts factor pursuant to paragraph (f) of this subsection and the denominator of which is the financial institution's total amount of interest and fees or penalties in the nature of interest from credit card receivables and fees charged to card holders.

(i) Receipts from merchant discount shall be included in the numerator if the commercial domicile of the merchant is in this Commonwealth. Receipts from merchant discount shall be computed net of any cardholder charge backs but shall not be reduced by any interchange transaction fees or by any issuer's reimbursement fees paid to another for charges made by its card holders.

(j) 1. a. Loan servicing fees derived from loans secured by real property to be included in the numerator shall be determined by multiplying the amount determined under paragraph (j) of subsection (1) of this section by a fraction the numerator of which is the amount included in the numerator of the receipts factor pursuant to paragraph (c) of this subsection and the denominator of which is the total amount of interest and fees or penalties in the nature of interest from loans secured by real property.

b. Loan servicing fees derived from loans not secured by real property to be included in the numerator shall be determined by multiplying the amount determined under paragraph (k) of subsection (1) of this section by a fraction the numerator of which is the amount included in the numerator of the receipts factor pursuant to paragraph (d) of this subsection and the denominator of which is the total amount of interest and fees or penalties in the nature of interest from loans not secured by real property.

2. In circumstances in which the financial institution receives loan servicing fees for servicing either the secured or the unsecured loans of another, the numerator of the receipts factor shall include the fees if the borrower is located in this Commonwealth.

(k) Receipts from services not otherwise apportioned under this section shall be included in the numerator if the service is performed in this Commonwealth. If the service is performed both within and without this Commonwealth, the numerator of the receipts factor includes receipts from services not otherwise apportioned under this section, if a greater proportion of the income-producing activity is performed in this Commonwealth based on cost of performance.

(l) 1. The numerator of the receipts factor includes interest, dividends, net gains, but not less than zero (0), and other income from investment assets and activities and from trading assets and activities described in paragraph (l) of subsection (1) of this section that are attributable to this Commonwealth.

a. The amount of interest, dividends, net gains, but not less than zero (0), and other income from investment assets and activities in the investment account to be attributed to this Commonwealth and included in the numerator is determined by multiplying all income from the assets and activities by a fraction the numerator of which is the average value of the assets that are properly assigned to a regular place of business of the financial institution within this Commonwealth and the denominator of which is the average value of all the assets.

b. The amount of interest from federal funds sold and purchased and from securities purchased under resale agreements and securities sold under repurchase agreements attributable to this Commonwealth and included in the numerator is determined by multiplying the amount described in subparagraph 1. of paragraph (l) of subsection (1) of this section from funds and securities by a fraction the numerator of which is the average value of federal funds sold and securities purchased under agreements to resell which are properly assigned to a regular place of business of the financial institution within this Commonwealth and the denominator of which is the average value of all funds and securities.

c. The amount of interest, dividends, gains, and other income from trading assets and activities, including but not limited to assets and activities in the matched book, in the arbitrage book, and foreign currency transactions, but excluding amounts described in subdivisions a. and b. of this subparagraph, attributable to this Commonwealth and included in the numerator is determined by multiplying the amount described in subparagraph 2. of paragraph (l) of subsection (1) of this section by a fraction the numerator of which is the average value of trading assets which are properly assigned to a regular place of business of the financial institution within this Commonwealth and the denominator of which is the average value of all assets.

d. For purposes of this subparagraph, average value shall be determined using the rules for determining the average value of tangible personal property set forth in KRS 136.535(3) and (4).

2. In lieu of using the method set forth in subparagraph 1. of this paragraph, the financial institution may elect, or the cabinet may require in order to fairly represent the business activity of the financial institution in this Commonwealth, the use of the method set forth in this subparagraph.

a. The amount of interest, dividends, net gains, but not less than zero (0), and other income from investment assets and activities in the investment account to be attributed to this Commonwealth and included in the numerator is determined by multiplying all income from assets and activities by a fraction the numerator of which is the gross income from assets and activities which are properly assigned to a regular place of business of the financial institution within this Commonwealth and the denominator of which is the gross income from all assets and activities.

b. The amount of interest from federal funds sold and purchased and from securities purchased under resale agreements and securities sold under repurchase agreements attributable to this Commonwealth and included in the numerator is determined by multiplying the amount described in subparagraph 1. of paragraph (l) of subsection (1) of this section from funds and securities by a fraction the numerator of which is the gross income from funds and securities which are properly assigned to a regular place of business of the financial institution within this Commonwealth and the denominator of which is the gross income from all funds and securities.

c. The amount of interest, dividends, gains, and other income from trading assets and activities, including but not limited to assets and activities in the matched book, in the arbitrage book and foreign currency transactions, but excluding amounts described in subdivisions a. and b. of this subparagraph, attributable to this Commonwealth and included in the numerator is determined by multiplying the amount described in subparagraph 2. of paragraph (l) of subsection (1) of this section by a fraction the numerator of which is the gross income from trading assets and activities which are properly assigned to a regular place of business of the financial institution within this Commonwealth and the denominator of which is the gross income from all assets and activities.

3. If the financial institution elects or is required by the cabinet to use the method set forth in subparagraph 2. of this paragraph, it shall use this method on all subsequent returns unless the financial institution receives prior permission from the cabinet to use, or the cabinet requires, a different method.

4. The financial institution shall have the burden of proving that an investment asset or activity or trading asset or activity was properly assigned to a regular place of business outside this Commonwealth by demonstrating that the day-to-day decisions regarding the asset or activity occurred at a regular place of business outside this Commonwealth. Where the day-to-day decisions regarding an investment asset or activity or trading asset or activity occur at more than one (1) regular place of business and one (1) regular place of business is in this Commonwealth and one (1) regular place of business is outside this Commonwealth, the asset or activity shall be considered to be located at the regular place of business of the financial institution where the investment or trading policies or guidelines with respect to the asset or activity are established. Unless the financial institution demonstrates to the contrary, the policies and guidelines shall be presumed to be established at the commercial domicile of the financial institution.

(m) The numerator of the receipts factor includes all other receipts derived from sales as determined pursuant to the provisions set forth in ***paragraph (c) of subsection (8) of Section 8 of this Act***[~~KRS 136.070(3)(d)1., 2., and 3~~].

(n) 1. All receipts that would be assigned under this section to a state in which the financial institution is not taxable shall be included in the numerator of the receipts factor, if the financial institution's commercial domicile is in this Commonwealth.

2. For purposes of subparagraph 1. of this paragraph, "taxable" means either:

a. That a financial institution is subject in another state to a net income tax, a franchise tax measured by net income, a franchise tax for the privilege of doing business, a corporate stock tax including a bank shares tax, a single business tax, an earned surplus tax, or any tax which is imposed upon or measured by net income; or

b. That another state has statutory authority to subject the financial institution to any of the taxes in subdivision a. of this subparagraph, whether in fact the state does or does not impose the tax.

Section 27. KRS 144.125 is amended to read as follows:

(1) Subject to the provisions of subsections (4) through (9) of this section and KRS 144.130, any certificated air carrier which is engaged in the air transportation of persons or property for hire shall be entitled to a general tax credit, as computed in subsection (3) of this section, for any annual period in which the certificated air carrier meets or exceeds the investment and gross wage qualification requirements prescribed in subsection (2) of this section and has elected to begin claiming the credit.

(2) To qualify for the general tax credit provided in subsection (1) of this section, the certificated air carrier shall:

(a) Prior to or during the annual period for which the credit is claimed, have made, caused to be made, or obtained contractual obligations to make, consistent with the fundamental project scope, an investment in the aggregate of at least three hundred million dollars ($300,000,000) in new and expanded air transportation facilities and related equipment in this Commonwealth; and

(b) During the annual period for which the credit is claimed, have gross wages subject to Kentucky income tax and Kentucky income tax withholding pursuant to KRS Chapter 141 which are at least fifteen million dollars ($15,000,000) greater than its gross Kentucky real wage base. In calculating the gross wages paid for the annual period for which the credit is claimed, there shall not be included the wages of any nonqualifying employees of the certificated air carrier.

(3) The general tax credit shall be an amount equal to ten percent (10%) of the increase in gross wages subject to Kentucky income tax and Kentucky income tax withholding paid by the certificated air carrier during the annual period as compared to the carrier's gross Kentucky real wage base. In calculating the gross wages paid for the annual period for which the credit is claimed, there shall not be included the wages of any nonqualifying employees of the certificated air carrier.

(4) The general tax credit may accrue for only five (5) consecutive annual periods of the qualifying certificated air carrier. The five (5) year limitation period shall begin at the election of the qualifying certificated air carrier, but not later than the carrier's annual period beginning in 1997. The tax credit shall accrue to the carrier only for the annual periods during which the carrier meets or exceeds the requirements as provided in subsection (2) of this section.

(5) The general tax credit authorized to a qualifying certificated air carrier shall not exceed three million dollars ($3,000,000) for any annual period.

(6) The general tax credit authorized to a qualifying certificated air carrier shall not exceed a total of fifteen million dollars ($15,000,000).

(7) The general tax credit authorized shall be claimed by the qualifying certificated air carrier first against ***the tax liability imposed by Section 6 of this Act***~~[its Kentucky corporation income tax liability]~~, then against its Kentucky corporation license tax liability, with any remaining balance to be claimed against its Kentucky sales and use tax liability. The credit shall not be applied to any other liability due the Commonwealth. The Revenue Cabinet may prescribe the method or manner for the qualifying certificated air carrier to claim the tax credit on applicable tax returns filed with the cabinet.

(8) If the tax liabilities against which the tax credit is to be claimed pursuant to subsection (7) of this section are not sufficient to fully absorb the allowable tax credit, or if a~~[net operating loss carryback or other]~~ subsequent adjustment reduces the carrier's liability against which a credit authorized by this section has previously been claimed, the unused or excess balance of the allowable credit may be applied against the carrier's liabilities for the specified taxes for previous or subsequent annual periods within the five (5) year limitation period. However, no refund in excess of the net tax actually paid by the carrier shall be made by the Commonwealth because of the carrier's application of the unused or excess credit. Interest shall not apply to any tax refunded for a prior period resulting from the credit carryback provisions of this subsection.

(9) Each certificated air carrier claiming the general tax credit authorized pursuant to this section shall file an annual general tax credit reconciliation report with the Revenue Cabinet on or before the fifteenth day of the fourth month following the end of each annual period for which the credit is claimed. The report shall be filed as provided in KRS 144.135 to 144.139 for each type tax against which the credit is applied.

Section 28. KRS 155.170 is amended to read as follows:

(1) An annual excise tax is hereby levied on every corporation organized under this chapter for the privilege of transacting business in this Commonwealth during the calendar year, according to or measured by its entire net income, as defined herein, received or accrued from all sources during the preceding calendar year, hereinafter referred to as taxable year, at the rate of four and one-half percent (4.5%) of such entire net income. The minimum tax assessable to any one (1) such corporation shall be ten dollars ($10). The liability for the tax imposed by this section shall arise upon the first day of each calendar year, and shall be based upon and measured by the entire net income of each such corporation for the preceding calendar year, including all income received from government securities in such year. As used in this section the words "taxable year" mean the calendar year next preceding the calendar year for which and during which the excise tax is levied.

(2) The excise tax levied under subsection (1) of this section shall be in lieu of all intangible personal property taxes, the corporation license tax imposed by KRS 136.070 and the ***taxes***~~[state income tax]~~ imposed by KRS 141.040. It is the purpose and intent of the General Assembly to levy taxes on corporations organized pursuant to this chapter so that all such corporations will be taxed uniformly in a just and equitable manner in accordance with the provisions of the Constitution of the Commonwealth of Kentucky. The intent of this section is for the General Assembly to exercise the powers of classification and of taxation on property, franchises, and trades conferred by Section 171 of the Constitution of the Commonwealth.

(3) On or before June 1 of each year, the executive officer or officers of each corporation shall file with the secretary of revenue a full and accurate report of all income received or accrued during the taxable year, and also an accurate record of the legal deductions in the same calendar year to the end that the correct entire net income of the corporation may be determined. This report shall be in such form and contain such information as the secretary of revenue may specify. At the time of making such report by each corporation, the taxes levied by this section with respect to an excise tax on corporations organized pursuant to this chapter shall be paid to the secretary of revenue.

(4) The securities, evidences of indebtedness and shares of the capital stock issued by the corporation established under the provisions of this chapter, their transfer, and income therefrom and deposits of financial institutions invested therein, shall at all times be free from taxation within the Commonwealth.

(5) Any stockholder, member, or other holder of any securities, evidences of indebtedness, or shares of the capital stock of the corporation who realizes a loss from the sale, redemption, or other disposition of any securities, evidences of indebtedness, or shares of the capital stock of the corporation, including any such loss realized on a partial or complete liquidation of the corporation, and who is not entitled to deduct such loss in computing any of such stockholder's, member's, or other holder's taxes to the Commonwealth shall be entitled to credit against any taxes subsequently becoming due to the Commonwealth from such stockholder, member, or other holder, a percentage of such loss equivalent to the highest rate of tax assessed for the year in which the loss occurs upon mercantile and business corporations.

Section 29. The amendments made in Section 1 of this Act shall apply to corporation license tax returns due without regard to extension on or after April 15, 2004.

Section 30. The provisions of this Act take effect January 1, 2005.

(b) Within thirty (30) days following the effective date of this Act, the cabinets shall supply each pilot project director with the collection of information on available employment, social, housing, educational, medical, mental health, and other community services in the county. The information shall include but not be limited to the service area of each public and private provider of services, the capacity of each provider to render services to persons served by the pilot project, the fees of each provider, contact names and telephone numbers for each provider, and an emergency contact for each provider.

(c) Within thirty (30) days following the effective date of this Act, the cabinets and directors shall begin a program of education for each of the cabinet and foster home and mental health and appropriate state-operated prison facility staff who will participate in the development of a discharge plan for volunteer participants under this section.

(3) The pilot project shall operate on a voluntary basis. This offer shall be made at least six (6) months prior to discharge. Nothing contained herein shall be construed to give a teacher a right to reemployment in the first school district during the seven (7) month period following termination.

(d) Service credit toward a continuing contract shall begin only when a teacher is properly certified as defined in KRS 161.720(6) or, in the case of a vocational education teacher, when the required certification standards established by the Education Professional Standards Board have been met.

(2) Vocational education teachers fulfilling the requirements in subsection (1) of this section as of July 15, 1982, shall be eligible for continuing service status.

(3) In addition to the assessment levied under subsection (2) of this section, and the tax imposed by KRS 142.307, an additional assessment on nursing facility services shall be imposed per non-Medicare patient day not to exceed four percent (4%) of gross revenue from the provision of nursing facility services. This assessment shall be imposed on all nursing facilities except acute-care based skilled nursing facilities, intermediate care facilities, or nursing facilities. The second assessment is not required to be uniform, and the rate of assessment per non-Medicare day may be variable based upon a facility's total annual census days if deemed an acceptable waivered class by the Centers for Medicare and Medicaid Services.

(4) All revenues collected pursuant to subsections (2) and (3) of this section shall be deposited in the Medical Assistance Revolving Trust Fund (MART) and transferred on a quarterly basis to the Department for Medicaid Services.

(6) The remaining revenue generated by the assessments levied under subsections (2) and (3) of this section and federal matching funds shall be used to supplement the medical assistance related general fund appropriations of the Department for Medicaid Services. Notwithstanding KRS 48.500 and 48.600, the MART fund shall be exempt from any state budget reduction acts.

(7) On or before July 1, 2004, the Cabinet for Health and Family Services, Department for Medicaid Services shall submit an application to the Federal Centers for Medicare and Medicaid Services to request a waiver of the uniformity tax requirement pursuant to 42 CFR 433.68(e)(2). a waiver of the uniformity requirements is denied, the Department for Medicaid Services may resubmit the application with appropriate changes to receive an approved waiver.

(8) Assessments imposed pursuant to this section shall begin on July 1, 2004, but are not due and payable until rates are increased as provided in subsection (5) of this section.

(9) The provisions of this section shall be considered null and void if the uniformity waiver or plan amendment to increase rates is not approved by the Centers for Medicare and Medicaid Services.

SECTION 2. A NEW SECTION OF KRS CHAPTER 142 IS CREATED TO READ AS FOLLOWS:

(2) All revenues collected pursuant to subsection (1) of this section shall be deposited in the Medical Assistance Revolving Trust Fund (MART) and transferred on a quarterly basis to the Department for Medicaid Services.

(4) The remaining revenue generated from the assessment levied under this section and federal matching funds shall be used to supplement the medical assistance related General Fund appropriations of the Department for Medicaid Services. Representative Moberly moved that the House concur in the Senate Committee Substitute to **HB 292**. Agreed.

The Senate Committee Amendment No. 1 to the Senate Committee Substitute to **HB 292** is as follows:

HB 292, On page 5, between lines 18 and 19; insert the following:

"Section 5. KRS 136.290 is amended to read as follows:

(1) Every federally or state chartered savings and loan association, savings bank, and other similar institutions operating solely in Kentucky shall, during January of each year, file with the Revenue Cabinet a report containing such information and in such form as the cabinet may require.

(2) The cabinet shall fix the total value, as of January 1 of each year, of the capital of each financial institution included in subsection (1) of this section. Capital shall include certificates of deposit, savings accounts, demand deposits, undivided profits, surplus, and general reserves, excepting the share of borrowing members where the amount borrowed equals or exceeds the amount paid in by those members. ***For Agricultural Credit Associations chartered by the Farm Credit Administration, capital shall be computed by deducting the book value of the association's investment in any other wholly owned institution chartered by the Farm Credit Administration that is either subject to the tax imposed by KRS 136.300 or Section 6 of this Act or that is exempt from state taxation by federal law.*** The cabinet shall immediately notify each institution of the value so fixed.

Section 6. KRS 136.310 is amended to read as follows:

(1) Every federally or state chartered savings and loan association, savings bank, and other similar institution authorized to transact business in this state, with property and payroll within and without this state, shall, during January of each year, file with the Revenue Cabinet a report containing information and in such form as the cabinet may require.

(2) The Revenue Cabinet shall fix the fair cash value, as of January 1 of each year, of the capital attributable to Kentucky in each financial institution included in subsection (1) of this section. The methodology employed by the cabinet shall be a three (3) step process as follows:

(a) The total value of deposits maintained in Kentucky less any amounts where the amount borrowed equals or exceeds the amount paid in by those members.

(b) The Kentucky apportioned value of capital shall include undivided profits, surplus, general reserves, and paid-up stock. ***For Agricultural Credit Associations chartered by the Farm Credit Administration, capital shall be computed by deducting the book value of the association's investment in any other wholly owned institution chartered by the Farm Credit Administration that is either subject to the tax imposed by KRS 136.300 or this section or that is exempt from state taxation by federal law.*** The Kentucky value of capital shall be determined by a fraction, the numerator of which is the receipts factor plus the outstanding loan balance factor plus the payroll factor, and the denominator of which is three (3).

(c) The values determined in steps (a) and (b) of this subsection shall be added together to determine total Kentucky capital and then reduced by the influence of ownership in tax-exempt United States obligations to determine Kentucky taxable capital. The influence of tax-exempt United States obligations is to be determined from the reports of condition filed with the applicable supervisory agency as follows: the average amount of tax-exempt United States obligations for the calendar year, over the average amount of total assets for the calendar year multiplied by total Kentucky capital. The cabinet shall immediately notify each institution of the value so fixed.

(3) The receipts factor specified in subsection (2)(b) of this section is a fraction, the numerator of which is all receipts derived from loans and other sources negotiated through offices or derived from customers in Kentucky, and the denominator of which is total business receipts for the preceding calendar year.

(4) The outstanding loan balance factor specified in subsection (2)(b) of this section is a fraction, the numerator of which is the average balance of outstanding loans negotiated from offices or made to customers in Kentucky. The denominator is the average balance of all outstanding loans. The average outstanding loan balance is determined by adding the outstanding loan balance at the beginning of the preceding calendar year to the outstanding loan balance at the end of the preceding calendar year and dividing by two (2). However, if the yearly beginning balance and ending balance results in an

inequitable factor, the average outstanding loan balance may be computed on a monthly average balance.

(5) The payroll factor specified in subsection (2)(b) of this section shall be determined for the preceding calendar year under the provisions of KRS 141.120(8)(b) and regulations promulgated thereunder.

(6) By July 1 succeeding the filing of the report as provided in subsection (1) of this section, each financial institution included in subsection (1) of this section shall pay directly into the State Treasury a tax of one dollar ($1) for each one thousand dollars ($1,000) paid in on its Kentucky taxable capital as fixed in subsection (2)(c) of this section. The institution shall not be required to pay local taxes upon its capital stock, surplus, undivided profits, notes, mortgages, or other credits, and the tax provided by this section shall be in lieu of all taxes for state purposes on intangible property of the institution, nor shall any depositor of the institution be required to list his deposits for taxation under KRS 132.020. Failure to make reports and pay taxes as provided in this section shall subject the institution to the same penalties imposed for such failure on the part of the other corporations.

(7) If a financial institution included in subsection (1) of this section selects, it may deduct taxes imposed in subsection (6) of this section from the dividends paid or credited to a nonborrowing shareholder.

(8) Every Agricultural Credit Association chartered by the Farm Credit Administration being authorized to transact business in Kentucky but having no employees located within or without the state shall be subject to the same tax imposed pursuant to either KRS 136.300 or this section as that imposed upon its wholly owned Production Credit Association subsidiary. For purposes of computing Kentucky apportioned value of capital pursuant to subsection (2) of this section, those Agricultural Credit Associations subject to the tax imposed by this section shall utilize that Kentucky apportionment fraction computed and utilized by its wholly owned Production Credit Association subsidiary for the same report period."; and

Renumber subsequent sections accordingly.
